With catering and off-premise consumption on the rise, operators need to provide containers that do it all: prevent spills, retain heat and flavor, and are environmentally friendly. Quality in food packaging is among the top attributes customers consider the most important in quick service or fast-casual restaurants.* They expect your food creations to travel without leaking or spilling and remain fresh and flavorful. Seda® Paper Food Containers are made of the highest quality materials, with tight-fitting lids, to protect food and ensure your customers take away your very best.

- **Leak-Proof & Comfortable to Hold:** The snap-on paper lids reduce the risk of spills to ensure your customers stay safe.

- **Deliver the Brand:** Seda’s state-of-the-art printing technology combined with the containers’ high-quality materials make superior printing easily achievable in up to 8 colors, even for colors that can be challenging to produce. Ask your sales rep about low minimum custom programs.

- **Offer a Sustainable Choice:** Paper Food Containers are made of fibers from sustainable forests and are fully recyclable** with a range of biodegradable and compostable options.
