

Seda North America in Mt. Pleasant Wisconsin is currently experiencing tremendous growth which has led to the creation of new positions. Additionally, Seda is continuing to invest in new technologies for our manufacturing and warehousing processes, leading to the need for highly skilled technical people who are ready to grow with us.

We are currently recruiting for 2nd and 3rd shift positions:

Operations Mechanics who will install, repair and support operation of production equipment to support efficient flow of inventory through Seda's manufacturing process. This mechanic will have the responsibility for installing, maintaining, and repair of equipment utilized in the process for manufacturing paper cups, tubes and bowls, plastic lids, and other packaging materials.

Duties include:

- Repair or adjust equipment, machines, or defective components, replacing worn parts.
- Clean machines and machine parts, using cleaning solvents, cloths, air guns, hoses, vacuums, or other equipment.
- Install, replace, or change machine parts and attachments, according to production specifications.
- Start machines and observe mechanical operation to determine efficiency and to detect problems.
- Set up and operate machines, and adjust controls to regulate operations.
- Operate equipment to demonstrate proper use or to analyze malfunctions.
- Test faulty equipment to diagnose malfunctions, using test equipment or software, and applying knowledge of the functional operation of electronic units and systems.
- Study blueprints, schematics, manuals, or other specifications to determine installation procedures.
- Work with manufacturer or to a specialized repair shop for repair of equipment.
